

Progyny Member Portal App

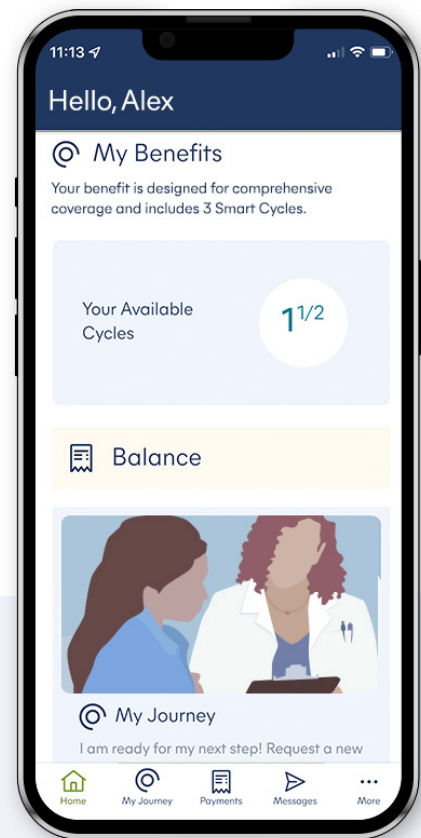

At Progyny, we want to ensure you have a supported family building journey and that means access to the information you need, when you need it. The Progyny Member Portal and app are self-service tools to view your benefit details, communicate with your Progyny Care Team, pay bills, and access fertility and family building education.

Key Features

- **Review your benefit information:** Learn more about your coverage and how the Progyny benefit works.
- **Communicate with your Progyny Care Team:** Send a secure message or click to call to speak with your Progyny Care Team.
- **Schedule time with your Progyny Care Team:** Schedule time to discuss your family building options.
- **Request an appointment:** Request an initial consultation with a Progyny network provider to begin your family building journey.
- **Track your journey:** View your authorizations, track medication deliveries, and more.

Download the Progyny Member Portal App

You must be an eligible member to access the app. Contact your Patient Care Advocate (PCA) to activate your benefit and learn more.
